Pathways to the Sky

Sunday's walk by Embry Riddle Aeronautical University includes a look at this stunning sculpture: Pathways to the Sky, a stainless-steel sculpture at the James Hagedorn Aviation Complex. Artist: Peter Forster

John, Thanks Our Gracious Host  
Running Elements

Thank You

To our host club, The Happy Wanderers, whose detailed well thought-out effort were apparent in every phase of WAF30.

A special thanks to John, Shelia and the many volunteers who made this challenging event the success that it was in spite of mother nature.
